## IDEA FOR WALKING COSTUME

In Dark Grey Face Cloth Trimmed With Russia Braid—Worn With Magyar Coat.

Dark grey face cloth is selected here. The skirt is trimmed down the left side of front by a panel of black and white striped silk; the edge of cloth is finished with a single row of Russia braid arranged in a simple design at the corners, then continued round the foot of skirt.

The Magyar coat is cut with a basque, which is attached to it by a

satin band; braiding trims the edge also the upper part of coat; striped silk is used for the collar and cuffs; a little braided waistcoat adds finish. Hat of chip to match, trimmed with an ostrich feather.  
Materials required: 4 1/2 yards cloth 42 inches wide, 1 dozen yards braid, 1 yard striped silk 18 inches wide, 4 yards silk or satin for lining coat.

## NEVER TOO MUCH OF LACE

If Possible, the Use of It This Season Is Really Becoming Monotonous.

It is to be a season of lace, so the modistes have been telling us, the filmy appearing not only on gowns, but as hat trimmings and parasols.

There have been, in consequence, many new and beautiful patterns of lace, some copied from rare old point and honiton, while novelties of all kinds have made their appearance.

The latest of these are the very handsome modern laces wide enough to form a deep underdress or to be made without undue difficulty into blouses, and yet narrow enough for more ordinary use, with brilliant touches of color interwoven with them. On a cream ground there will be a pattern of large flowers, not wholly colored, but with bright hues introduced in an arbitrary manner which pleases the eye as much as it would a gardener. Or a conventional design will be carried out in white or cream, with touches of blue and red or a dark blue ground.

White lace, with the pattern lightly outlined with thread of black is also extremely fashionable. Other trimmings are mostly comprehended by various metallic embroideries, clusters of ribbon flowers or the revived fashion of button trimming.

A lovely evening frock, for instance, of white gauze brocaded with silver vine leaves and tendrils, has an underdress of vine leaf lace on which the bunches of grapes are emphasized by little crystal buttons.

### New Ideas in Napery.

Daisies embroidered in various colors upon heavy Irish linen make a charming decoration for a luncheon set, including a center piece and a dozen doilies. The petals of the flowers are done in a single long stitch and therefore the work goes very rapidly although when the pieces are completed they look as though an immense amount of time had been spent in the decoration of them. Other attractive luncheon sets are of Madeira embroidered linen with plain edges and embroidered corners, of batiste bordered with French Cluny and inset with Italian flint medallions, and of fine canvas with a border of Cluny, a circle of embroidered daisies centered with French knots and an inner ring of punch work.

### Veiled Gowns.

In spite of the wide choice given in at-home dresses for more or less informal wear, there is a strong bias in favor of the veiled gown, whose veillings allow the grace of the wearer to be appreciated at its full.

The trimmings of these frocks are very much a matter for the individual. There seems an almost equal preference for rose garlands and lace. Tugling is the most effective for great occasions, while the dainty flower garlands are more suitable to gowns for intimate occasions.

## Pains All Over

Houston, Tex.—"For five years," says Mrs. L. Fulencher, of this place, "I suffered with pains all over, especially in my back and side, and was so weak I could hardly do my housework. A friend told me of Cardui. Since taking it I feel so much better! Now I can do all my housework and pains don't bother me any more at all." Cardui is a strength-building medicine. Fifty years of success have produced, amongst its many users, confidence in Cardui and what it will do. During this time, Cardui has relieved the female ailments of over a million women. Why not yours? Try it, today. Your druggist sells it.

## Lower Temperature.

The weather bulletin for the week, issued at Washington, D. C., is as follows:

Over the Missouri and upper Mississippi valleys and the upper lake region lower temperature and showers will be experienced by Tuesday, continuing for a day or two, and followed by moderately warm and generally fair weather toward the end of the week.

Over the Ohio Valley, the lower lake region and the northeastern districts warm and generally fair weather will continue during the first half of the week, followed by somewhat lower temperatures and local showers during the second half.

Don't buy a range from a peddler when you can get a far better one at home for \$10.00 less money.

## Greatest Ocean Depth.

The German navy's surveying ship Planet has discovered in the vicinity of the Philippines the deepest known spot in the ocean, 9,780 meters, or four hundred and six feet more than six miles. The record sounding was made, according to a cable account received at the admiralty here, about forty sea miles off the north coast of Mindanao. The greatest depth hitherto known, 9,635 meters—just under six miles—was found by the United States cable steamer Nero in 1901 to the south of the island of Guam.

## Here and There

The Madisonville Elks will have their 30th annual fair hop tomorrow night.

A negro boy named Robert Leavell was released from the reformatory at Lexington last week, through the intercession of Dr. L. A. Rollow. He was sent up for petit larceny.

### Chinese Business Methods.

Most of the Chinese business houses are now owned by partnerships, and most partnerships are of a large number of persons. The Chinese who has saved \$100 local currency will at once invest it in a mercantile business and become a partner.

### minerals in New Caledonia.

Nickel mining is active in New Caledonia. European firms are investing largely in it and other mining. Some fair gold discoveries have been made recently.

## A Hero in a Lighthouse.

For years J. S. Donahue, South Haven, Mich., a civil war captain, as a lighthouse keeper, averted awful wrecks, but a queer fact is, he might have been a wreck himself, if Electric Bitters had not prevented. "They cured me of kidney trouble and chills," he writes, "after I had taken other so called cures for years, without benefit and they also improved my sight. Now, at seventy, I am feeling fine." For dyspepsia, indigestion, all stomach, liver and kidney troubles, they're without equal. Try them. Only 50 cents at all druggists.
